Just a few short weeks into the season things are starting to hum along. To me the start of the season is a bit like that long awaited holiday. You wait months for it to come around and it seems to take forever, but before you know it you're lamenting that shot selection or loose delivery. You might even be wondering how long it will take to run Cranny out.

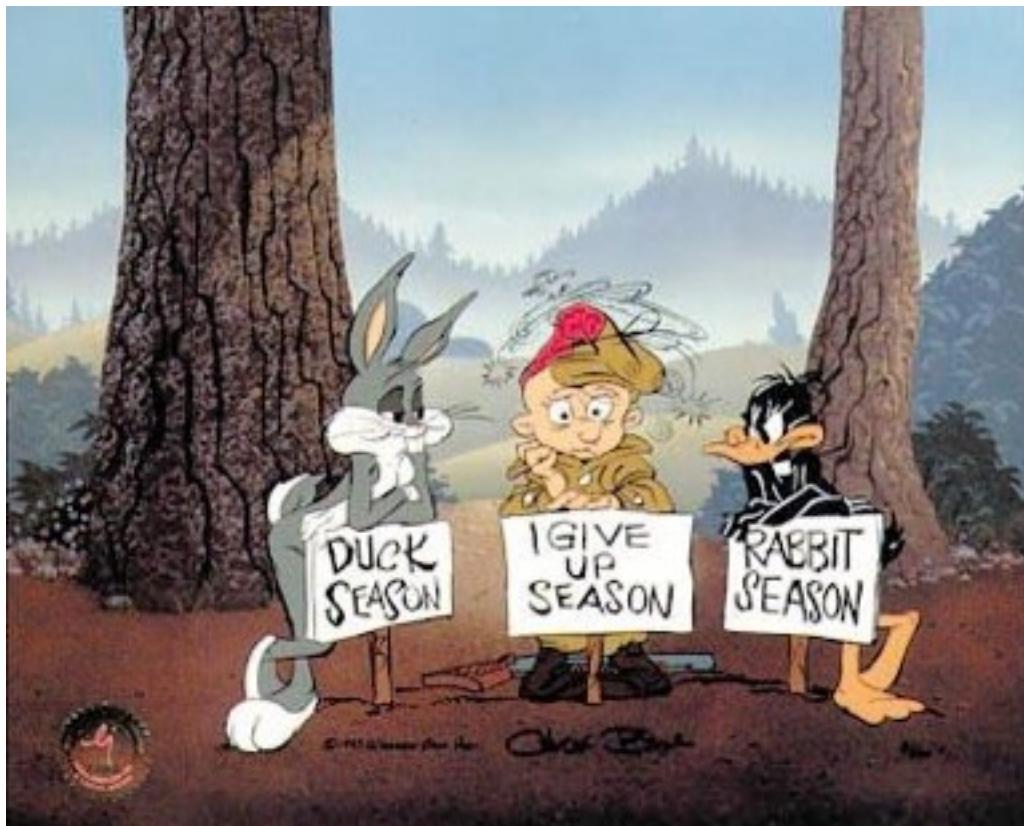

This being my first year as President I am keen to get off to a great start off the field, for it is here that I strongly believe the club can be successful on the field. I welcome and encourage you and your family to come along to spend some time at the club and the awesome events we have coming up. The social committee have put some great events together and for the parents with wee ones, you may have noticed the new kiddy corner in the rooms so don't let them stop you from being involved.

As always it's great to see those of you returning for another year, and it's great to have Craig Butterfield, Matty Leddin, Aidan Quinn and Daniel Woronka back to the club. I'd also like to welcome new players Jeremy Brown, Cooper Johnstone, Peter Gleeson, Kevin Dahl and anyone I may have missed. I am sure you are going to love playing here.

Lastly, we picked up two very good sponsors last year in Compton Green real estate and Smartline mortgage brokers and so far this year Two Birds Brewing have come on board and going strong - please support them as much as possible. We can't stop there though so if you can assist or have ideas for a sponsor please feel free to contact me to discuss.

Thank you for being a part of the Spotswood Cricket Club. Please get involved and let's have a big year - #changeisbrewing.

COUGARS CORNER

By popular demand. IT's BACK.

The players edition Cougar 250 cricket bat.

Made from premium English Willow with a superb middle, it is ideal for slow low wickets. The materials are individually selected, tested and fully prepared before the bat is constructed.

It's sure to get you in the Centurion Club.

Speaking of. Inspired by ravings of mutiny and the thoughts of a cringing Mark Butler. The Cougar delivered a Fantastic and Selfish knock to bring up his 1st ton on home soil. With the threat of punishment for treason discussed in the middle between the Co-captains, all is now well, with both on the same page.

The only difference between a rut and a grave is in its dimensions.

The #cougartonsup is trending off its tweets

Chuck Norris can hear sign language

Just read that 4,153,237 people got married last year, not to cause any trouble but shouldn't that be an even number?
